In the Mix is an innovative program that provides a unique opportunity for children to explore what's new in dance, music and internet technology. This experience is very much about developing mind and body, and gaining confidence and social skills. Students will learn a brief hip-hop dance to share with parents at the last class. They will also work collaboratively in small groups to create one-of-a-kind music-videos, using iPads supplied by In the Mix. Kids get to be Directors, DJs, and Choreographers while producing their own custom HipHop music-videos! Students have full creative freedom yet are guided appropriately to help them progress and spice up their videos and dancing.
